

Moon Dough

 10 minutes

INGREDIENTS

1 cup corn flour

1/2 cup conditioner

Food colouring (optional)

DIRECTIONS

Moon dough is a great thing kids can make and play with for hours. It's like a non-sticky combination of playdough and slime, with only 2 ingredients.

1. Combine and mix the corn starch and conditioner (and food colouring if using) until it makes a smooth and consistent mix. Then it's ready to play with.
2. Store in an airtight container or ziplock bag for up to a few weeks.
